New Business:

Next meeting is December 12.

Lucas asked about the village acquiring a leaf vacuum for 2024 to help residents get their leaves picked up. Many other villages have these. This could possibly be a manpower issue for our guys. Josh said maybe assign a week for it. It would help keep the leaves out of the storm sewer. This could be very beneficial for the village. Council asked Josh to look at pricing for a leaf vacuum.

Old Business:

Terry spoke with Jim Shaffer about placing the welcome sign on the point by the water tower. We are waiting to hear back from the alumni committee on a decision.

Cameras have been installed at the park and water plant.

Jackie Cox asked about a house on Wayne Street because of a lot of children playing there. Could we have a slow child at play sign going both ways? We need to keep our children safe. Council said that is a great idea. Council asked Josh to put two signs up on this street. Also put up signs anywhere else that children are at risk.

Guests:

Mr. Hammitt asked about the junk vehicles and cars parking the wrong way in their driveway and yard. Terry and Pete looked into this issue. People are allowed to park any way they wish on their own property as long as they are off the street. If you are parked on the street, do you have to park a certain way?
